

APPLICATION FOR STATE GRANT FOR PUBLIC WATER SYSTEMS  
INTERCONNECTION AND WELL INVESTIGATION GRANTS UNDER RSA 486-A

## SECTION I.

## REQUEST AND CERTIFICATION

REQUEST FOR GRANT

GRANT REQUESTED \$ \_\_\_\_\_

---

(City, Town, Precinct)

The \_\_\_\_\_  
(legal name of applicant)

\_\_\_\_\_ (herein called the "Applicant")  
(address)

hereby makes application to the State of New Hampshire (herein called the "State") for assistance as indicated above for the completed construction of:

---

(herein called the "Project")

The attached statements and exhibits are hereby made part of this application, and the undersigned representative of the Applicant certifies that the information in the application and in the attached statements and exhibits is true, correct and complete to the best of his knowledge and belief. He further certifies that he has been authorized to file this application by formal action of the governing body of the Applicant as is evidenced by the attached Authorization made by the Applicant's governing body. If a State grant for the Project is made pursuant to RSA 486-A, the governing body of the Applicant agrees that: the Applicant will construct the Project in accordance with the plans and specifications approved by the division; the Applicant will provide proper and efficient operation and maintenance of the Project; the Applicant has adopted or will adopt a system of charges to assure that each recipient of water service within the Applicant's jurisdiction will pay a proportionate share of the costs of operation and maintenance, including replacement, of water services provided by the Applicant; failure to install the facilities in accord with the plans and specifications or to provide proper and efficient operation and maintenance of such facilities shall result in loss of payments of the annual grant installment next following such failure; the Applicant shall participate in regional and statewide water supply planning initiatives and to consider the results of such initiatives for purposes of long-term water supply planning and infrastructure development.
